September 9, 2018

To Whom It May Concern,

Professor Milan Matijevic from the University of Kragujevac, Serbia, co-author of the accepted papers “Problem Oriented Learning Based on Use of Shared Experimental Results” and “Lectures in Rotodynamic Pumps - from Design and Simulations to Testing”, has been invited to participate in the 2018 International Conference on Interactive Mobile Communication Technologies and Learning (IMCL2018). The conference takes place on October 11 and 12, 2018 in Hamilton, Ontario, Canada.

Sincerely

Konstantinos Apostolou
IMCL2018 Conference Chair
